

Certificate

CU Certificate N°: 897834-SBP-01.2024
SBP Certificate N°: SBP-06-96

Certification scope:

End usage of wood pellets for use in energy production, at Katkjærvej 12 power station of Skive Fjernvarme a.m.b.a. The scope includes communication of Dynamic Batch Sustainability Data and the RED2 bridging requirements. The scope of the certificate does not include Supply Base Evaluation.

This certifies that Control Union Certifications (SBP-06) has justifiable confidence that the Sustainable Biomass Partnership (SBP) Framework processes at:

Skive Fjernvarme a.m.b.a
Katkjærvej 12, 7800 Skive
DENMARK

comply with the requirements of

SBP Standard 4, Chain of Custody, Version 1.0, 26 March 2015
SBP Standard 5, Collection and Communication of Data, Version 1.0, 26 March 2015
SBP Framework Instruction Document REDII: Bridging requirements of the SBP
scheme for meeting REDII, Version 1.0, 16 November 2022

as of the date of issue of this certificate. The SBP Framework of Standards can be found at
<https://sbp-cert.org/>

The assessment was conducted in accordance with SBP Standard 3, Certification Systems.
Requirements for Certification Bodies, Version 1.0, 26 March 2015.
